

Help for busy mothers
*with footloose children
 to watch*

HAVEN'T you often wished that your children could play safely outdoors, without a lot of watching? They can, if you give them a safe backyard

playground—protected from speeding cars, stray dogs, and tramps. Thousands of parents have found the answer in fencing their yards with U.S.S. Cyclone Fence. It gives them the safety they want for their children and it protects their home, lawn and flowers, too.

Cyclone Fence is a wise home improvement. It lasts for years and helps you keep your property in tip-top shape. Good fence has big sales value should you ever want to sell your home. And Cyclone Fence is an economical investment. Get the facts about it now. Mail the coupon below for our big, free book.

Patio paved with 6-inch redwood log ends, set in sand. Redwood log pergola supports split bamboo screens for shade. The fence softens breezes; adds privacy.

HILLSIDE GARDENS

Hilltops and hillsides, choice as building locations, present difficult garden problems. The Jay Smith home, in Piedmont Hills, Calif., is a typical example. The progress of their work in solving the problem

is recorded here. As in most successful hillside gardens, the recognition of the space gaining values of successive levels is well illustrated. Bulkheads and retaining walls support wide terrace capably.

Three weeks after occupancy, the Jay Smith garden looked like this picture.

The same garden later in the same season. Barbecue "room" at the lower left.
